

## FEDERAL STUDENT AID PROGRAM SUMMARY FOR 2025-26

Most federal student aid is need-based, taking into account the student aid index (SAI), determined by information provided on the Free Application for Federal Student Aid (FAFSA®). Need-based financial aid comes in three basic types:

1. **Grants and scholarships** are considered gift aid and generally do not have to be paid back (sometimes a repayment is required if a student withdraws);
2. **Work-study** is money that you earn by working part-time while in school; and
3. **Loans** are funds that you (or your parent) borrow and must be paid back, usually after you leave school.

The following chart details the main federal student aid programs administered by the U.S. Department of Education (ED). Not all schools participate in each of the programs listed.
